请准备好行囊，跟随音乐总监叶聪探索西藏的奥妙！

Ever been captivated by the picturesque and mystical charm of Tibet? Let the SCO bring you onto the appealing Tibetan plateau. This concert showcases numerous new works by native Tibetan, Bian Ba that include **Pastoral I** and **Dance of Strings** - a piece to be performed using a Tibetan two-stringed fiddle as a solo instrument against the sonorous blend of the SCO. Eminent Tibetan representations like the Potala Palace, which holds residence to the Dalai Lama; the Yalu Tsangpo River, Tibet's main river; and other rich Tibetan traditions would also be presented in A Trip to Lhasa. This piece by celebrated composer Kuan Nai - Chung has since become a classic in Chinese orchestral music.

The SCO performs under the baton of its Music Director, Tsung Yeh.
